

Let Your Senses Run Free

Be a **W**anderer, **O**bserver, **L**istener, **F**eeler.

Wander the land and experience nature on the other side of the fence.

Observe and capture the moments through writing and picture taking. Store the time in your memory bank.

Listen to the sounds. The wind, the animals, the birds, and the silence that all have a way of speaking to us.

Feel the connection. Relax and enjoy the natural simplicity.

Airdrie author and photographer, Ann Edall-Robson invites you to join her for 6 evenings of visiting the inner soul of the Silver Valley Ranch. Embrace Mother Nature's gifts through quiet, tranquil walks melded with interludes of picture taking and penning words from the heart. Let your **W.O.L.F.** run free!
